

## **NOTICE OF PUBLIC HEARING**

The Utah Division of Air Quality (DAQ) will take public comments and hold a public hearing regarding the Title V Permit renewal for a medical waste incinerator operated by Stericycle Incorporated. The hearing will be held at 6:30 PM, September 2, 2008, at 150 North 1950 West, Building #2, room 101, Salt Lake City Utah. An informal open house will be held at 5:00 PM prior to the hearing to address questions that the public may have.

The incinerator is located at 90 North 1100 West, North Salt Lake UT.

The permit action involves:

- Renewal of the permit.
- A correction to Table 3 of condition II.B.4.c.1(B)(a)(2).
- A correction to the minimum scrubber liquor flow rate.

There will be no changes in emissions or the amount of waste incinerated as a result of this permit renewal.

Public comments can be submitted to the DAQ by email or standard mail. The previously announced public comment period will be extended with written comments accepted until the close of business September 8, 2008.

Those attending the hearing will be allowed an opportunity to 1) ask questions of the Division of Air Quality regarding the proposed renewal, and 2) provide comments relevant to the proposed renewal. Pursuant to Utah Admin. Code R307-415-7i(5), the Executive Secretary will keep a record of the commenters and also of the issues raised during the public participation process, and such records will be available to the public and to EPA. All comments will be evaluated before DAQ issues a final permit.
